## MEMORANDUM

MARCH 29, 1979

TO: BOSTON REDEVELOPMENT AUTHORITY

FROM: ROBERT J. RYAN, DIRECTOR

SUBJECT: SOUTH STATION URBAN PROJECT, MASS. R-82  
TENTATIVE DESIGNATION OF REDEVELOPER  
SUBPARCEL OF SOUTH STATION  
DISPOSITION PARCEL C-4  
COMMONLY KNOWN AS TRACK PARCEL 8

---

In order to proceed with the construction this season of the Summer Street Reconstruction Project, it is necessary to obtain from the United States Postal Service a permanent vehicular easement to the Authority for travel over a portion of Dorchester Avenue near the intersection of Summer Street, owned by the Postal Service. The Postal Service has agreed to grant to the Authority this necessary vehicular easement at no consideration with the understanding that the Authority will designate the United States Postal Service as the redeveloper of a parcel (known as Parcel 8) of land at the southeasterly corner of the Authority's South Station property at no consideration. The Postal Service needs this small parcel for the efficient operation of its South Postal Annex.

This action is necessary to allow for the prompt construction of an appropriate intersection of Dorchester Avenue as part of the Summer Street project. Without such action, Federal Highway participation in a portion of the Summer Street project will be withdrawn, and additional costs would be incurred by the City.

This action has the approval of the MBTA, which has signed a Purchase and Sale Agreement with the Authority for the South Station property.

It is recommended that the Authority tentatively designate the United States Postal Service as the redeveloper of Parcel 8 in the South Station Urban Renewal Project.

An appropriate Resolution follows.
